## 5 ACTIONS FOR A WORLD WITH LESS PLASTIC

Dear guest, you are staying at a facility recognized by Plastic Free Odv Onlus for its concrete commitment to fighting plastic pollution. You too can do your part every day with small but meaningful actions:

### **Bring a reusable water bottle**

Refill your bottle using the dispensers available in the facility. Every refill means one less plastic bottle in the environment.

### **Sort your waste in the room**

Use the containers provided to separate your waste correctly. Recycling is a simple yet essential gesture.

### **Reuse towels and bed linens**

Avoid unnecessary laundry: fewer washes mean fewer microfibers in the oceans and less waste of water and energy.

### **Choose reuse over single-use**

Opt for refillable dispensers and plastic-free accessories provided by the hotel, thus reducing single-use plastic waste.

### **Make a concrete gesture for the planet**

Scan the QR code: with just €10, you help remove 1 kg of plastic from the environment. Your contribution is real, visible, and valuable.

***Today's choices shape tomorrow's planet.  
Together we can make a difference.  
THANK YOU.***
